### **UM OFFERS CHANCE TO EXPLORE CAREERS IN GERONTOLOGY**

#### **MISSOULA--**

The University of Montana will offer community members an opportunity to explore careers in gerontology -- the study of aging and the aged -- at a free presentation from 4 to 5:30 p.m. Tuesday, April 9, in Skaggs Building Room 114.

The presentation is sponsored by UM's Gerontology Education Committee as part of national Careers in Aging Week.

"Gerontology is a rapidly growing field with many exciting career opportunities," said UM sociology Professor Dan Doyle.

The presentation will feature speakers currently working in the field of gerontology who will talk about what they do and answer questions. UM representatives also will provide information about gerontology classes available at the University. Refreshments will be served.
